Dear Friend of the EXPO,

This year's Midcoast Sustainable Living Expo, the fourth annual event, will take place April 16 and 17, 2010, at the Central Lincoln County YMCA in Damariscotta. It will be promoted on the Internet, radio and television, as well as in newspapers. Sponsors will be featured in press releases, and highlighted in our program available to all at the Expo. We would like to invite you to join our growing number of business sponsors. This year we again offer the following sponsorship levels and benefits:

Benefactor	\$ 1,000	1/2 page ad in Expo program
Supporter	\$ 500	1/4 page ad in Expo program
Friend	\$ 250	1/8 page ad in Expo program

All sponsors will get a link from the Midcoast Green Collaborative web site (www.midcoastgreencollaborative.org) where you may also get more information and view photographs of a previous Expo. Customized sponsorships are also available.

The purpose of the Expo, consistent with our goal of promoting our region as a renewable and sustainable energy center for Maine, is to provide the public with opportunities to conserve energy and to rely less on fossil fuels and more on clean, renewable resources. Our mission is also to educate citizens about living sustainably and protecting the environment. Your sponsorship enables us to provide free public admission to the Expo, and it keeps exhibitor fees low enough for nonprofit organizations to participate in the event.

New this year is the possibility if sponsoring a particular hands-on activity, such as building raised beds for planting, creating window insulation panels, and learning about solar water and air heaters.

Thank you for being part of this important work. For us to include you in this spring's program, please respond to this request by March 16, 2009. All the best to you!

Steve Cartwright  
Expo Coordinator
