

MIDCOAST GREEN COLLABORATIVE

SAVE ENERGY THIS WINTER!
Don't throw money away on heating oil!

ENERGY AUDIT

With an MGC Energy Audit you will:

- ◆ Learn how you can save energy and money.
- ◆ Know where and how your house is losing heat.
- ◆ Get a prioritized list of recommendations with predicted savings.
- ◆ Know what will help and what won't.
- ◆ Get all your energy questions answered.

The average house we audited could save around 45% using techniques with a simple payback under seven years.
